Teacher guide

Course objective - Interpret basic greetings, name questions, identity sentences, and selected numbers using characters and tone-marked pinyin.

Suggested time: 35-45 minutes

Learning focus: Practice respectful beginner exchanges with characters, pinyin, and English meaning.

Teaching sequence: Review prior instruction and model the first prompt with its answer. Assign one four-prompt page at a time. Ask for a check, a reason, or a specific example. Use the reflection ticket to plan the next lesson; it is not a standardized mastery score.

Model prompt: 你好 (nǐ hǎo) means?

Model answer: Hello. In speech, the first third tone changes before another third tone.

Support options

AIG: justify a second method or create a transfer example. 504: follow the learner's plan for time, breaks, format, and reduced copying. EC: model steps and accept aligned oral, drawn, or written responses. ESL: preview vocabulary, use bilingual references, and rehearse before writing.

Source and scope: Course-level learning objective; no accreditation, transfer, or universal equivalency claimed.
